## A Vivid Picture in Your Mind!

A place where 1.495 billion people live. Here we have only 0.331 billion. And three times the land. Wow!

We have 88 people per square mile of land. India has 1,066 people per square mile. That means that in India there are approximately 2 people on every acre of land. Meanwhile, here in the U.S. we have less than 1 person for every 5 acres of land

In India, 77,576 people will be born today and every day. But in the U.S. it's one tenth of that: 7,000 born every day. Although America's population is growing, 44% of our growth is through immigration. India's growth is through birth.

And now for the highlight of the picture in your mind: over 14,500 Hindus per day are leaving Hinduism and embracing Jesus! The field is ripe!

We must support this desire for the truth! And even more importantly, we must provide for the strengthening and grounding of these babes in Christ!

There is simply no place in the world where more people want to hear about Jesus than in India: so thank you for keeping this work in your prayers; thank you for keeping this work in your giving!

There's no place in the world where your generosity does more for more people over a longer period of time!

## Your Covid Contribution

A great many of you have responded to our appeal to provide funds to offset the Covid expenses of our workers and members of the congregations that we work with.

My initial goal was \$95,000, which would allow us \$500 for each of the 190 congregations that we're helping to support in their preaching, and in their widow and orphan relief.

By God's grace and your generosity we've been able to raise just over \$65,000 for this effort! I'm deeply appreciative to be working with such deeply generous brethren, generous to help people whom we'll meet in Heaven, but never in this life!

Congratulations to you!

Now pray that these funds will bring needed relief, and bring eye-opening moments to the Hindus who see how Christians love Christians.

---

## Our Travel Plans

Currently India, because of the Covid, has blocked virtually all international flights into India, with the exception of government officials, of course.

We will be ready, and are anxious to get back into India, but for now we must abide the Lord's time. Please pray about our travel is restored!

## Open to Jesus Moments

In this newsletter (and in person when I make reports) I've mentioned the Open to Jesus Moments which I send out by email each Thursday.

These are short, less than 100 word devotionals that I write for three reasons:

- To encourage your personal spiritual connection to Jesus, moment by moment.
- To give you something you can share with people as conversation starters, helping you introduce them to Jesus and to the church. We're all evangelists inviting people to Him!
- To give meaningful and thought provoking articles for your church bulletins as a way to encourage your congregation.

Many of you have signed up for these, and I thank you!

But if you aren't receiving these, please email me at [David@IndiaMissions.net](mailto:David@IndiaMissions.net) and I'll add you to the email list. As a bonus, you'll also receive this monthly newsletter via email.
